Keyword 4 ingredients, chicken, chickfila, copycat, dipping sauce, DIY, easy, homemade

Ingredients

- 1/4 cup mayonnaise
- 1 tbsp barbecue sauce
- 1 tbsp honey
- 1 tsp yellow mustard

Instructions

1. Use a whisk or fork to mix everything together in a small bowl.
2. Serve immediately or store in the refrigerator until ready to use (it thickens up a bit in the fridge).

Recipe Notes

- The barbecue sauce brand that you use will make the biggest difference in how this sauce turns out (some are smokey, some are sweet and some are spicy). If you use a sweetened bbq sauce, you might want to leave out some or all of the honey.
- This sauce is delicious served with any kind of chicken (fried or grilled). We also like to use it as a sandwich spread.
